## FAQ'S

### What is an Exhibition of Learning?

An exhibition of student learning is an event where students display and present their academic work, achievements, and skills to the community.

### Why are we having an Exhibition of Learning?

DLMS is starting the transition towards student-lead conferences where students explain their learning in all subjects. An Exhibition that showcases their Design Block Project is a first step towards our goal.

### Can I talk with subject teachers at the Exhibition if my student is not in their Design Block Project?

YES - 100% YES

All staff are available to chat with parents about their child's progress. If you want to meet with a teacher please go to the location in the school where they are located.
