December 23, 2021

Dear ASD-N Families,

I want to take this opportunity to wish you a restful and happy holiday season. Thank you for your continued cooperation and support as we continue to navigate another challenging school year. Your patience and understanding is greatly appreciated as we continue to adjust and adhere to new Public Health and Government restrictions and rules.

Please note that schools will be closed over the holiday season, from December 23<sup>rd</sup> at noon until Monday, January 10<sup>th</sup>. Should you need to be notified of an exposure to COVID-19 that occurred prior to the end of school, families will be contacted with a general letter from the Province. This letter will be shared by the Province through School Messenger to your email, and will include instructions from Public Health; please follow the instructions in the letter.

Please do not contact your school or school staff with COVID related questions between December 23<sup>rd</sup> and January 10<sup>th</sup>, as schools will be closed and staff will not be checking emails regularly. Please contact Public Health with any questions you may have.

All students have been provided with rapid testing kits for the holidays. Please read the information you received regarding student test kit usage over the holidays. Should you receive an exposure notification from the Province and require more rapid testing kits, please go to your local community distribution site. Schools will not be distributing tests between December 24<sup>th</sup> and January 10<sup>th</sup>.

Thank you again for your cooperation and support. We extend best wishes to your families and we look forward to seeing our students in the New Year.

Sincerely,

*Mark Donovan*
