

Adding & Subtracting Decimals

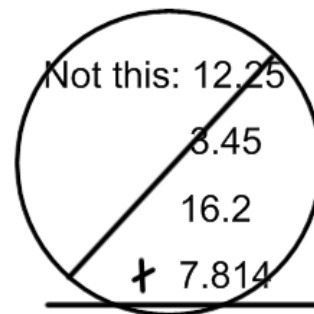

Example:

$$12.25 + 3.45 + 16.2 + 7.814$$

Estimate: $12 + 3 + 16 + 7 = 38$ (Take whole number at front and add or subtract.)

→ Line the decimals up.

$$\begin{array}{r} 12.25 \\ 3.45 \\ 16.2 \\ + 7.814 \\ \hline 39.714 \end{array}$$
